- 1 an opportunity to pitch in front of reknowned investors
- 2 an opportunity to pitch in front of reknowned investors
- 3 an opportunity to pitch in front of reknowned investors

MENTORSHIP THROUGH STARTUP CLASSES

With the help of Entrepreneurship Awareness Camp we seek to empower young and budding entrepreneurs through a 3 day curriculum involving a series of workshops by industry experts providing competency in the strategic decision processes of a start-up, panel discussions and a platform to pitch their startups to eminent investors followed by an opportunity of networking to mobilize their feedback and guidance. We aim at creating a synergy between creativity and implementation by providing invaluable guidance crucial for the start-ups in their embryonic stage.
